Welcome

Centers for Spiritual Living invites you to visit our spiritual communities to explore new possibilities for your life. Our centers are dedicated to helping individuals discover the spiritual tools and an inner Power that has the ability to transform personal lives and make the world a better place.

Centers for Spiritual Living was founded in 1927 by Dr. Ernest Holmes.

We teach the Science of Mind, which offers a practical spiritual teaching that draws on the wisdom of the ages and New Thought principles, in order to promote awakening and personal growth. With a variety of services available, Centers for Spiritual Living meets the needs of families, singles, children, adults, and seniors. Whatever your lifestyle or spiritual path, you are welcomed. Our spiritual communities are ready to embrace, love, and accept you as you are. Everyone is included on the path to God!

If you are looking for a warm, dynamic, loving community of like-minded people, we encourage you to find one of our many spiritual communities and claim the life your soul is seeking.

What We Believe

By Ernest Holmes, 1927

We believe in God, the living Spirit Almighty; one, indestructible, absolute, and self-existent Cause. This One manifests Itself in and through all creation, but is not absorbed by Its creation. The manifest universe is the body of God; it is the logical and necessary outcome of the infinite self-knowingness of God.

We believe in the individualization of the Spirit in Us, and that all people are individualizations of the One Spirit.

We believe in the eternality, the immortality, and the continuity of the individual soul, forever and ever expanding.

We believe that heaven is within us, and that we experience it to the degree that we become conscious of it.

We believe the ultimate goal of life to be a complete freedom from all discord of every nature, and that this goal is sure to be attained by all.

We believe in the unity of all life, and that the highest God and the innermost God is one God. We believe that God is personal to all who feel this indwelling presence.

We believe in the direct revelation of truth through our intuitive and spiritual nature, and that anyone may become a revealer of truth who lives in close contact with the indwelling God.

We believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; and that we are surrounded by this Creative Mind which receives the direct impress of our thought and acts upon it.

We believe in the healing of the sick through the power of this Mind.

We believe in the control of conditions through the power of this Mind.

We believe in the eternal Goodness, the eternal Loving-kindness, and the eternal Givingness of Life to all.

We believe in our own soul, our own spirit, and our own destiny; for we understand that the life of all is God.
